BT Protection Plans can help cover you

Car, home and contents insurance protect the things that matter to you. Term Life, Total and Permanent Disablement and Income Protection insurance protect the people that matter to you, helping your family avoid financial difficulty in the event of *illness, injury* or death.

Most people probably don't think twice about having their car and home insured. Yet when it comes to their health and income, they may not have these adequately covered.

What are the chances?

Chances of this occurring: 1 in 909 ¹	Chances of this occurring: 1 in 13 ²	Chances of this occurring: 1 in 3 ³

Life insurance can help

Life insurance provides a safety net to protect yourself and your loved ones should something unforeseen happen.

Life insurance can provide you with the peace of mind that if something were to happen, you can still afford the life you had planned for.

In general, a life insurance payment can be used for any purpose, including to:

- clear debts
- pay for funeral expenses

- invest to generate replacement income
- cover child care costs
- pay medical expenses
- pay for medical rehabilitation
- pay for home modifications
- make any necessary lifestyle changes.

If you don't have all of your important assets covered you should speak to your adviser, to help ensure you have the cover you need to protect your family from financial stress at the most difficult of times.

What cover can you get through SuperWrap?

BT provides a range of life insurance solutions which can be funded from your *SuperWrap* account that offer protection no matter what stage of life you are in.

What is it	What does it cover?	When might it be needed?
Term Life	Pays a benefit in the event of death or diagnosis of a <i>terminal illness</i> . You may also add an optional TPD Benefit to your Policy or a Living Benefit held outside of <i>SuperWrap</i> under Flexible Linking Plus.	Term Life insurance can help cover your family for expenses, such as rent or mortgage payments. This type of cover is beneficial for anyone who wants to ensure that their family can still have the lifestyle planned for them – education, travel and quality of living – for many years to come. It helps to secure your family's future if you're no longer around.
Total and Permanent Disablement (TPD)	Pays a benefit if you are unlikely to work again, perform household duties again, or suffer a loss of ability due to permanent disability.	Provides money you need to meet the costs of rehabilitation, as well as financial support to make the necessary lifestyle adjustments. You will have money which can be used to cover expenses such as rent or mortgage payments.
Income Protection	Provides an income replacement benefit for up to 80% of your monthly income if you're unable to work at your full capacity due to <i>sickness or injury</i> .	This is often used to pay rent or mortgage payments, living and medical expenses. It may be necessary if you need to replace your income if you are unable to work at your full capacity.

The table above provides a summary of the life insurance benefits available through *SuperWrap*.

What cover can you get outside of SuperWrap?

Other BT Protection Plans benefits are available if you structure your insurance cover outside of your *SuperWrap* account. For full details of all of the benefits that you can access through BT Protection Plans, see the *BTPP PDS*. The following benefits are available outside of *SuperWrap* and you may choose to link them to your *SuperWrap* Policy.

What is it	What does it cover?	When might it be needed?
Living Insurance	Pays a benefit if you suffer from a Specified Medical Event such as cancer, a heart condition or loss of a <i>limb</i> . The <i>Insurer</i> also offers a Living Benefit Plus option which provides more comprehensive cover. This type of insurance is sometimes referred to as trauma insurance.	The additional funds which Living Insurance provides can alleviate the financial strain of major hospital expenses and may also allow you to obtain additional or superior medical treatment. Living Insurance provides financial support when you need it most, taking away a major cause of stress by allowing you and your loved ones to focus on what's important – recovery – not worry about paying the medical bills
Income Protection Plus	Offers additional benefits to those provided by Income Protection.	The money received can be used to pay rent or mortgage payments, so you don't have to draw down on assets or take out a loan.
Children's Benefit	Pays a lump sum benefit if the Insured Child suffers from a specified condition. This Policy is available when you hold another BT Protection Plans Policy.	The money that the Children's Benefit provides can help to relieve the stress if your children become ill. This could help you take time off work to care for them, or help with expensive medical treatments.
Needlestick Benefit	Pays a lump sum benefit if you contract HIV or Hepatitis B or C whilst performing the duties of your occupation as a medical professional. This Policy is available when you hold another BT Protection Plans Policy and only if you are a medical professional.	The money provided by this benefit can provide financial support when you need it most by providing the necessary funds to concentrate on the important things, and not worry about paying the bills.

1 Options with BT Protection Plans

Life insurance through *SuperWrap*

Insurance cover is provided to you under a policy owned by *BTFM*.

Life insurance through *SuperWrap* is paid directly from your *SuperWrap* account – it's efficient and easy.

With your insurance cover, there are also a number of options you can select, depending on your needs.

You can choose the types of cover you want. And, you can choose how your premium is structured. You are able to choose 'stepped' premiums, which means that your premium will increase each year as you get older. You can also choose 'level' premiums, which means that your premium will stay the same for a specified period of time.

That specified period of time can either be:

- to age 55 for the 'Level 55' premium option (not available in some circumstances on Income Protection); or
- to age 65 for the 'Level 65' premium option.

When the specified period of time has elapsed, the premium will revert to a stepped structure.

Your premium will increase if your sum insured increases, with *CPI* increases, and when the *Insurer* increases the policy fee.

Other alternatives – insurance outside of *SuperWrap*

By having access to the BT Protection Plans you also have the option to choose insurance outside *SuperWrap* and have the ability to tailor your insurance to your individual needs. This includes deciding who is best to own the policy, how to structure the payment options efficiently, and a choice of premium options.

Ownership options

BT Protection Plans can be structured in many ways. As an alternative to having your cover in *SuperWrap*, where cover is provided to you under a policy owned by *BTFM*, you can choose from different ownership structures being:

- non-superannuation ownership (ie ownership by an individual, company or trust);
- a self-managed superannuation fund (SMSF); or
- BT Protection Plans Superannuation (for Term Life as Superannuation).

The following table outlines the ownership options available for each of the policies offered within BT Protection Plans.

Policy	Non – superannuation (including Wrap)	SMSF (including Wrap)	Term Life as Superannuation	SuperWrap
Term Life	✓	✓	✓	✓
Standalone Living Insurance	✓	✓	✗	✗
Standalone Total and Permanent Disablement	✓	✓	✗	✓
Needlestick Benefit	✓	✓	✗	✗
Children's Benefit	✓	✓	✗	✗
Income Protection	✓	✓	✗	✓
Income Protection Plus	✓	✓	✗	✗
Business Overheads	✓	✗	✗	✗

You can also choose to have a combination of these structures with the Flexible Linking Plus option and Income Linking Plus options described on the following pages. This will allow you to maximise the benefits which can be held within superannuation without having to compromise on benefits and features, while also providing affordability of cover.

Please note that the ownership option(s) you select in BT Protection Plans will determine the payment options available to you.

Options with BT Protection Plans (continued)

Flexible Linking Plus

Flexible Linking Plus provides you with the flexibility to structure your insurance inside and outside superannuation, giving you greater choice and affordability.

Living Benefit

When you purchase Term Life cover through *SuperWrap* or another superannuation fund, Flexible Linking Plus allows you to attach a Living Benefit (which is not available through *SuperWrap* and may not be available through other superannuation funds) to your cover. The added benefit will be held outside of your superannuation fund. If you are paid a Living Benefit within a Flexible Linking Plus policy, it will be paid directly to you. However, for other benefits owned through *SuperWrap*, the benefit will be paid to *BTFM*.

The Living Benefit within a Flexible Linking Plus policy works in the same way as a Living Benefit within a Term Life policy in relation to how it is priced and how it functions. Because it is considered part of the Term Life policy, the Living Benefit is priced lower than the equivalent benefit in a Standalone Living Insurance Policy.

In the event of a claim under a Living Benefit within a Flexible Linking Plus policy, the sum insured of all other benefits on the

Policy will be reduced by the amount paid. The diagram below provides an example of how you may structure a Living Benefit to link with your *SuperWrap* cover.

Super Plus TPD Benefit

When you purchase Term Life or Standalone Total and Permanent Disablement cover through *SuperWrap* or another superannuation fund, Flexible Linking Plus allows you to attach an *own occupation TPD* Benefit (which may not be available through other superannuation funds) to your cover. The added portion of the benefit will be held outside of your superannuation fund.

If you are paid a Super Plus TPD Benefit, it will be paid directly to you and the sum insured of all other benefits on the Policy will reduce by the amount paid. However, for other benefits owned through *SuperWrap*, the benefit will be paid to *BTFM*.

In the event of a claim under a Living Benefit or a Super Plus TPD Benefit the sum insured of all other benefits on your insurance cover through *SuperWrap* will be reduced by the amount paid.

The diagram below provides is an example of how you may structure a Super Plus TPD Benefit within Flexible Linking Plus under a *SuperWrap* Policy.

¹ Only available with Term Life

TPD Benefit

Flexible Linking Plus also allows you to attach a TPD Benefit to your cover which will be held entirely outside of *SuperWrap*.

If you are paid a TPD Benefit, it will be paid directly to you, and the sum insured of all other benefits on the cover will be reduced by the amount paid.

The TPD Benefit works in the same way as a TPD Benefit within a Term Life policy with regards to how it is priced and how it functions. Because it is within Term Life, the TPD Benefit is priced lower than the equivalent benefit in a Standalone Total and Permanent Disablement Insurance policy.

The diagram on page 6 is an example of how you may structure a TPD Benefit to link with your *SuperWrap* cover.

Income Linking Plus

Income Linking Plus allows you to take BT's most comprehensive income policy — Income Protection Plus — and have the core benefits of Income Protection paid for through your *SuperWrap* or another superannuation fund, and the ancillary benefits paid for outside of superannuation. This allows you the flexibility to structure your insurance without having to compromise on benefits.

Super Plus IP Benefit

When you purchase an Income Protection Plus cover, Income Linking Plus allows you to attach additional benefits (which are not available through *SuperWrap* and may not be available through other superannuation funds) to your cover. The added benefits will be owned by you and not by the trustee of your superannuation fund.

If you are paid a Super Plus IP Benefit it will be paid directly to you. However, for cover owned through *SuperWrap*, the benefit will be paid to *BTFM*.

The diagram below is an example of how the Super Plus IP Benefit works under an Income Protection Plus Policy.

Payment options

For cover held outside of your *SuperWrap* account, you can pay premiums by direct debit, accepted credit card, cheque (if paying annually) or through your Wrap or Wrap Essentials account.

For full details of all of the benefits that you can access through BT Protection Plans, see the *BTPP PDS*.

Simple steps to becoming insured

Applying for insurance may appear complicated and overwhelming but when you break it down into a few simple steps, obtaining insurance can be straightforward and easy to achieve. Just follow these steps to apply for cover and to maintain your insurance.

1. Applying for cover

Determine the type and amount of cover required.

Your adviser will help you determine the right insurance for you, assist you with your application and provide you with a quote for cover.

For a summary of the premium options and benefits, see 'Summary of key features of your cover' in chapter 3 of this Insurance Booklet.

Read this Insurance Booklet.

Make sure you understand your insurance benefits and features by reading this Insurance Booklet.

You should also read this Insurance Booklet in conjunction with the *BTTP PDS*, which contains further details of the terms and conditions of your cover.

Complete and lodge the application form which accompanies the *BTTP PDS*.

We have a duty of disclosure when entering into the *policy* with the *Insurer*. You have a similar disclosure obligation when applying to us (*BTFM*) for insured benefits under the *policy*.

We ask you questions about your health, habits and occupation to enable the *Insurer* to determine your premium and cover.

It is important that you tell us everything that the *Insurer* needs to know to assess your application fairly. This is called your Duty of Disclosure — for more information see 'Your duty of disclosure' in chapter 6, section 2 of this Insurance Booklet.

2. Assessing your application

Assessment and underwriting.

Once we have received your application, including all required information, the *Insurer* will assess your application. If we or the *Insurer* need additional information, we will notify you or your adviser directly.

Your free immediate Interim Accident and Sickness cover begins!

You receive free Interim Accident and Sickness Cover while your application is being considered. For more information, see 'Interim Accident and Sickness Cover' in chapter 5 of this Insurance Booklet.

Confirming your cover.

In most cases the cover will be provided as requested. However, occasionally the *Insurer* may only be able to offer cover with special conditions or decline cover all together. When this happens the *Insurer* will inform you, and if cover can only be provided subject to special conditions, request your agreement to proceed.

3. Commencing and maintaining your cover

Your cover starts.

Your cover starts when the *Insurer* sends you a *policy schedule*.

You start receiving great benefits straight away.

Features of your cover include:

- Guaranteed renewability of your cover.
- Guaranteed upgrades applied automatically.
- A Loyalty Benefit if you keep your cover for three or more years.
- A Premium Holiday benefit, allows you to suspend your cover for up to 12 months.
- *CPI* increases — to ensure your cover keeps up with the cost of living.
- World wide cover — 24 hours a day, full cover at any time, anywhere in the world.

For more information, see 'Summary of key features of your cover' in chapter 3 of this Insurance Booklet.

While you have cover.

Each year on your *review date*, the *Insurer* will review your premium. For cover with a stepped premium option, the *Insurer* will apply any age based and *CPI* increases. For cover with a level premium option, the *Insurer* will normally only apply increases associated with the *CPI*.

For more information, see 'CPI increases' in chapter 3 of this Insurance Booklet.

4. Making a claim

Making a claim.

Contact us as soon as you become aware that you need to make a claim. The sooner you contact us, the sooner we can help you – which is why you have insurance in the first place. For more information about making a claim, see chapter 6, section 8 of this Insurance Booklet.

Summary of key features of your cover (continued)

Included features

Term Life, Standalone Total and Permanent Disablement and Income Protection

CPI increases

To ensure the value of your benefits keep up with the cost of living, we will automatically increase the amount of your benefits each year on your *review date* in line with increases in the *CPI*. Benefits under Term Life, Standalone Total and Permanent Disablement and the Income Protection are subject to a minimum *CPI* increase of 3% a year.

You may decline a *CPI* increase in any year by advising us in writing within 30 days of the *review date*. You may also request in writing that *CPI* increases never apply again. If you have requested that *CPI* increases never apply again and you wish to restart *CPI* increases, we may ask you for information on the Insured Person's health, occupation or pastimes before agreeing to reinstate these increases. We will advise you in writing if and when we will restart *CPI* increases.

Guaranteed renewable

Your cover is guaranteed to continue for the term specified, which means that provided your premiums are paid, your cover cannot be cancelled even if there is a change in your circumstances including your health, occupation or pastimes.

Guaranteed upgrade

To save you from having to ensure that your cover is still as good in the future as when you first took it out, the *Insurer* automatically upgrades your cover should better features and benefits, that don't result in an increase in premium, become available in relation to the type of BT Protection Plans cover that you have. You will always be given the best definition available under BT Protection Plans from the time you took out your cover to the date of *sickness* or *injury*.

Loyalty Benefit

To reward your loyalty, after you have held your cover for 3 years from the later of the *commencement date* and 19 October 2009:

- For Term Life and Standalone Total and Permanent Disablement cover, we will add an extra 5% to any Death Benefit or TPD Benefit without additional charge; and
- For Income Protection cover, we will add a Death Benefit of \$50,000 to your cover without charge.

Multi-cover discount

If the Insured Person is covered by more than one Policy (Term Life, Term Life as Superannuation, Standalone Living Insurance, Standalone Total and Permanent Disablement, Income Protection, Income Protection Plus or Business Overheads) in BT Protection Plans, you will also receive a multi-policy discount of 5% on the Insured Persons premiums (excluding policy fee and stamp duty).

SuperWrap discount

When you pay your premiums through your *SuperWrap* account, you will receive a 10% discount on your premiums that you would have paid if your cover was obtained outside of *SuperWrap*.

Premium Holiday

If your circumstances change, to save you the hassle of having to cancel your cover and then apply later, we will allow you to suspend your cover after you have held your cover for 6 months. This is subject to the specific terms and conditions outlined in chapter 2, section 24 on page 40 of the *BTTPP PDS*. You can suspend your cover for a maximum of 12 months in total.

During this period you will not have to pay premiums. However, you will not be eligible to claim for any *sickness*, *injury*, or any other event that happens in the period that the premiums were not being paid. You may only exercise this option once in any 12 month period, and you must show evidence of financial hardship acceptable to the *Insurer*.

Cover continuation

If you no longer hold a *SuperWrap* account, you are able to transfer the cover you have to a new policy paid outside a *SuperWrap* account without any underwriting.

Worldwide cover – 24 hours a day

You are provided with full cover at any time, anywhere in the world.

Interim Accident and Sickness Cover

The *Insurer* provides 90 days of free immediate Interim Accident and Sickness Cover while your application is being considered.

Some of the words in *italics* in this chapter have specific meanings for this chapter only. Please refer to the definitions section below for the definitions.

Commencement of cover

Interim Accident and Sickness Cover commences when a fully completed:

- electronic application has been submitted to us; or
- paper application form and personal statement, which has been declared true and correct in respect of each Insured Person, has been received by us.

Alternatively, you can apply for Interim Accident and Sickness Cover prior to completing your application for BT Protection Plans. This provides you with cover while you are completing your application. You must complete the Interim Accident and Sickness Cover Certificate (signed by you and your adviser) and send it to us to apply. In this case, Interim Accident and Sickness Cover commences on the date we receive your completed Interim Accident and Sickness Cover Certificate. In the event that you make a claim under the Interim Accident and Sickness Cover Certificate, we will require a copy of the signed and dated Statement of Advice (SOA), in which your financial adviser has recommended BT Protection Plans.

When does your cover end?

Cover will end on the earliest of the following:

- 10 days from the date we received the Interim Accident and Sickness Cover Certificate if we have not received a completed application for BT Protection Plans;
- 90 days from the date Interim Accident and Sickness Cover commences;
- if the *Insurer* accepts or declines the insurance application for that benefit;
- in respect of each Interim Benefit, the date you withdraw your insurance application for that benefit; and
- the date we or the *Insurer* advises you that Interim Accident and Sickness Cover has ceased.

Interim benefits

Interim Death Benefit:

The lesser of:

- \$1,000,000; or
- the amount of the Death Benefit you applied for if a completed application and personal statement has been submitted to us; or
- the Death Benefit amount recommended in the SOA if a completed Interim Accident and Sickness Certificate is submitted,

is payable should you die as a result of an *accident* or *sickness* whilst the Interim Accident and Sickness Cover is in force.

Interim TPD Benefit

The lesser of:

- \$1,000,000;
- the TPD Benefit you applied for if a completed application and personal statement has been submitted to us; or
- the TPD Benefit amount recommended in the SOA if a completed Interim Accident and Sickness Certificate is submitted,

is payable should you become *totally and permanently disabled* as a result of an *accident* or *sickness* whilst the Interim Accident and Sickness Cover is in force.

The *total and permanent disability* definition that applies is either *own occupation TPD*, *any occupation TPD*, *home duties TPD*, or *general cover TPD* as nominated by you in your application form.

Interim Income Protection Benefit

The lesser of:

- \$5,000 per month;
- the *insured monthly disability benefit* you applied for under Income Protection, if a completed application and personal statement has been submitted to us; or
- the *insured monthly disability benefit* amount recommended in the SOA if a completed Interim Accident and Sickness Certificate is submitted,

is payable should you become *totally disabled* as a result of an *accident* or *sickness* whilst the Interim Accident and Sickness Cover is in force.

The benefit accrues from the end of the *waiting period* applied for under the relevant cover and ceases to accrue at the earliest of either the date you cease to be *totally disabled* or 6 months from the end of the *waiting period*.

Exclusions

A benefit will not be paid if the death, *total and permanent disability, accident, injury, sickness* or event giving rise to the claim is directly or indirectly caused by:

- an intentional self-inflicted act or attempted suicide (whether sane or insane);
- an *accident* or *sickness* while you are under the influence of alcohol or non-prescription drugs or drugs taken in excess of prescribed amounts;
- any act of war (whether declared or not) except where you die on war service;
- you engage in any sport, pastime or occupation that the *Insurer* would normally cover with a loading, exclusion, decline or deferral; or
- a *pre-existing condition* that existed prior to, or at the time we received your completed application form or Interim Accident and Sickness Cover Certificate.

We will not pay a claim made under an Interim Accident and Sickness Cover Certificate if we are not in receipt of an SOA containing the BT Protection Plans recommendation made by the financial adviser for the proposed life to be insured.

A benefit will not be paid if your occupation is one that the *Insurer* would not normally cover. In addition, the *Insurer* will take into account how you would have been assessed in terms of definitions and benefit amounts under its underwriting rules.

Claims

To the extent that they are relevant, the conditions that relate to payment of a claim for the cover that you have applied for apply to this cover.

Only one Interim Benefit will be paid in respect of any one *accident* or *sickness*. The cost of obtaining medical evidence that is required for the payment of an Interim Benefit claim is to be borne by you. The cost of further medical evidence may be borne by the *Insurer*, however this will be at the *Insurer's* discretion.

If you are eligible to make a claim under this cover, it will not affect your application for cover under BT Protection Plans continuing to be assessed. However, the *Insurer* will take into account any changes to your health when assessing your application and the *Insurer* may decline your application or apply special loadings, conditions and exclusions.

If you are a new member of *SuperWrap* and you do not yet have funds in your *SuperWrap* account, the *Insurer* will pay the Interim Accident and Sickness Cover directly to you.

Other important information

1_ Who is insured and who owns the policy?

Life insurance cover provided through *SuperWrap* is provided under a policy owned by us and you are insured under that policy.

Any benefits that become payable under your cover are paid to us. We can only release benefits to you if you meet a condition of release for superannuation law purposes. If you do not meet a condition of release for superannuation law purposes then the insurance payout received from the *Insurer* will be paid into your *SuperWrap* account and will be fully preserved until we are able to release it.

For further details about conditions of release, see 'Conditions applying to payment of benefits under superannuation law' in chapter 7, section 11 of the *BTPP PDS* (page 89), which is incorporated by reference.

2_ Your duty of disclosure

We have a duty of disclosure under the Insurance Contracts Act 1984 (Cth) when entering into the policy. You have a similar disclosure obligation when applying to us (*BTFM*) for insured benefits through your *SuperWrap* account.

To enable us to comply with our duty of disclosure to the *Insurer*, you must disclose to us and the *Insurer* every matter that you know, or could reasonably be expected to know, that is relevant to the *Insurer's* decision whether to accept the risk of the insurance and, if so, on what terms.

Your duty of disclosure extends beyond the time of your completion of the application up until the time the *Insurer* accepts the application and issues a *policy schedule* to you. If your health, occupation or pastimes have changed between the time you completed any of the forms required, and the time the *Insurer* sends your *policy schedule* to you, you must tell us and the *Insurer*.

You have the same duty to disclose those matters to the *Insurer* before you extend, vary or reinstate your cover.

Your duty, however, does not require disclosure of a matter that diminishes the risk to be undertaken by the *Insurer*, that is of common knowledge, that the *Insurer* knows or, in the ordinary course of its business, ought to know or as to which compliance with your duty is waived by the *Insurer*.

To assess your application, the *Insurer* requires you to read and honestly and fully complete the application form and provide any additional information.

This will help the *Insurer* determine whether to provide the insurance, how much to charge for it and whether any special conditions apply.

If you fail to comply with your duty of disclosure and the *Insurer* would not have provided cover on any terms if the failure had not occurred, the *Insurer* may avoid the cover within 3 years

of providing it. If your non-disclosure is fraudulent, the *Insurer* may avoid the cover at any time.

The *Insurer* also has the option to reduce your benefit amount within 3 years of the commencement date if it has not avoided the contract in the circumstances above.

3_Premiums and charges

The cost of your cover is called your premium. The premium depends on a number of variables, including the premium option chosen, the type of insurance you have, any optional benefits, the amount of insurance you have for each benefit, your age, gender, smoking status, health, occupation and pursuits, the frequency at which you choose to pay your premium and any loading specified in your *policy schedule*.

Each premium payment includes a policy fee. As at 1 October 2011, this fee is \$82.20 per year, \$44.78 per half-year, \$22.39 per quarter, or \$7.46 if you pay your premium monthly. The policy fee increases each year according to the *CPI*, and is updated on 1 October.

The *Insurer* can change the premium rates and discount factors. However the *Insurer* can only do this by changing the premium rates and discount factors of all *SuperWrap* account holders who have this version of BT Protection Plans cover. You will be notified of the premium rate changes. We usually give you 30 days notice before the *Insurer* changes the premium rates and discount factors.

For further information regarding:

- premiums and charges see 'Premiums and charges' in chapter 7, section 3 of the *BTPP PDS* (pages 82 to 83), which is incorporated by reference; and
- other payments, including adviser remuneration, see 'Fees and charges' in chapter 7, section 10 of the *BTPP PDS* (page 89) which is incorporated by reference.

4_ Do I need to be a *SuperWrap* account holder?

When you apply for insurance cover through *SuperWrap*, you must already be a member, or applying to be a member of *SuperWrap*.

All benefits that become payable for cover paid from a *SuperWrap* account are paid to us. We will determine the circumstances in which the benefits will be released in accordance with our obligations under superannuation law.

5_ Understanding *SuperWrap*

Certain terms and conditions apply to payments made from your *SuperWrap* account. For further details, see 'Understanding *Wrap* and *SuperWrap*' in chapter 7, section 10 of the *BTPP PDS* (pages 88 to 89), which is incorporated by reference.

6_ What happens if you cease to be a SuperWrap account holder

If you cease to be a *SuperWrap* account holder, your insurance cover will automatically end. However, you are able to transfer the cover you have to a new BT Protection Plans policy without any further underwriting. Ask your adviser for further information.

8_ Making a claim

Who to contact

To make a claim, please contact our Customer Relations Consultants on:
1300 553 764
8.00 am to 6.30 pm
(Sydney time) Monday to Friday.

Our consultants will arrange for you, your *beneficiary* or your personal representative to receive any information or forms you need.

Otherwise, you can see your adviser for more information.

How and when to make a claim

a_ Claims under Term Life or Standalone Total and Permanent Disablement

To make a claim under Term Life or Standalone Total and Permanent Disablement, you must tell us within six months of the *injury*, *sickness*, condition, disability or death occurring.

b_ Claims under Income Protection

If you are making a claim under Income Protection, you must write and tell us within 30 days of your disability. We request you return all claims forms within 60 days of receiving them. If you notify us of your disability more than 90 days after the disability occurs, once the *Insurer* accepts your claim your payments may start from the later of the date on which we receive your notification and the end of your *waiting period*.

Other important information (continued)

Evidence required

Before the *Insurer* will pay a benefit, you, your *beneficiary* or your personal representative must provide satisfactory evidence and the authorities we require for us to obtain further information which we deem relevant to the claim. This will include medical evidence from a doctor acceptable to us and the *Insurer*. We may also require proof of your age, and if appropriate, proof of your earnings or business expenses. You must provide this evidence at your own expense. Please note that we rely on the information that you provide during a claim. If you act fraudulently, we may cancel your cover or any of its benefits and not pay any benefits.

We may from time to time require you to provide reports or certificates from the *doctor* providing treatment to you about your continuing *sickness* or *injury* (if claims are based on overseas reports or certificates, they must be translated into English by a certified translator). You must do so at your own expense.

The *Insurer* may also require you to undergo medical examinations or tests by a doctor whom we and the *Insurer* choose. You must allow yourself to be examined at any reasonable time requested. The *Insurer* will pay the reasonable costs of such examinations or tests.

Proof of age

We can ask for proof of your age. You must give us that information. If, when you applied for insurance, your age was lower than we were told it was, we will refund you any premium you have paid above what you should have paid, plus interest. If your age was higher than we were told it was, your benefit will be reduced to what it would have been if the premium you paid was based on your true age.

Proof of earnings

For Income Protection we may require you to provide proof of *pre-disability monthly earnings* and from time to time to provide proof of *post-disability monthly earnings* in a period for which you are claiming a benefit. The proof required may include income tax returns, accountant's statements or other proof which is acceptable to the *Insurer*.

Uses of personal information

We or the *Insurer* may request certain information from you during the assessment of a claim. If this information is not provided, we or the *Insurer* may not be able to accept or continue the claim.

In addition, if you make a claim under your cover, you agree that we or the *Insurer* will collect further personal information about you. This includes health information which, for the purposes of assessing the claim, may be necessary to disclose to third parties, such as medical practitioners. You must agree that the necessary collections and disclosures of personal information will be a condition of making a claim.

What happens after you make your claim?

For Term Life, Standalone Total and Permanent Disablement and Income Protection, after you make a claim the *Insurer* will assess it having regard to the information provided or obtained. The *Insurer* must act reasonably in doing this.

In assessing a claim for a TPD Benefit, it will be assumed that you had taken such measures as may have been reasonable to avert or minimise the *sickness*, *injury* or *disease* giving rise to the claim.

Payment of claims

For Income Protection, we will start payment of any benefit (including any amounts that have accrued), after the *Insurer* has accepted liability to pay the claim. Your benefits will be paid to you monthly in arrears. All payments are made in Australian currency.

Should the *Insurer* accept liability to pay a claim, this is not a representation by the *Insurer* that it will continue to accept liability for so long as you are not working or working in a reduced capacity. The *Insurer* may cease payment of the benefit at any time where it is of the opinion that you are not *totally disabled* or *partially disabled* as required by your cover.

This right exists irrespective of whether your condition has changed.
